#### Puzzle out the way to your child's dream career!

#### **#DoYourHomework**

Children today have innumerable career choices. You need to be prepared for their decision.

As parents, it is our responsibility to give children the freedom to choose. But we need to be prepared, both emotionally and financially to support and fulfill their aspirations. So #DoYourHomework and start planning for their future requirements.

Planning for children's dreams is a longer-term goal.
Starting a Systematic Investment Plan (SIP) in Mutual Funds is
an ideal way to plan for it

Monthly SIP Amount (₹)	5,000	10,000	25,000	50,000	100,000
Child's Age	Value of	investment (i	n ₹. Lakhs) w	hen child tu	rns 18 years
	33.4	66.8	167	334	667.9
5	18.8	37.6	94	188	375.9
7	13.7	27.5	68.7	137.3	274.6
10	8.1	16.2	40.4	80.8	161.5
12	5.3	10.6	26.4	52.9	105.8
15	2.2	4.4	10.9	21.8	43.5

\*Rate of return assumed at 12%. It is assumed the monthly SIP investment is made at the beginning of the month. This is merely an illustration to explain the concept of SIP and does not indicate returns of any schemes.

Start planning today and take one step closer to securing your child's future. Contact your Financial Advisor or visit www.homework.axismf.com for more information
